

## What is Installatron?

### FREE INSTALLATRON ON ALL SHARED HOSTING ACCOUNTS

Panama offers INSTALLATRON which is an advanced auto-installer plugin for DirectAdmin servers. Added to your account, it gives our users the ability to install, upgrade, and manage a growing list of web scripts at the click of a button.

User features include:

- Install, upgrade, configure, delete scripts.
- Installs to domains and sub-domains.
- Script info, notes, homepage and documentation links.

Panamaspace includes INSTALLATRON for FREE with all shared hosting accounts and most dedicated server plans.
